Bio

From the moment I started talking, I've been entertaining. At family functions, Easter Sunday, elementary school plays, junior high school orchestra/choir, high school cheerleading, marching band, and the list goes on spanning to performing on a Carnival Cruise Ship out of Sydney, Australia in September 2017. I have been a professional Entertainer for over 8 years performing at various venues and events throughout Central Florida. It brings me joy to put on engaging interactive performances as a DJ, Singer, and Emcee with audiences of all ages. I'm here to put smiles on faces by providing you with quality entertainment that's always **#FUN**. I provide an atmosphere of pure entertainment at each event for which I'm hired, and I look forward to bringing LIFE to your special occasion.
